It's a collection of 19 hilarious stories in prose in a variety of styles. All have the theme that it isn't always easy being a monster.

Imagine being the Invisible Man and trying to get a haircut. Or a hungry Frankenstein with an empty pantry. Or the Phantom of the Opera with an annoying song stuck in his head.

It's a tough life, but you and kids you share this with will laugh out loud. Try this book and then *Frankenstein Takes the Cake*, about misadventures at a wedding.
